NATURE HOTEL FORSTHOFGUT

The most beautiful wellness hotel in Europe (GEO Season, 2018)

The history of the Forsthofgut dates back 400 years: in 1617, of course, the Forsthof was not a hotel, but a simple forestry business and farm. With a lot of finesse, vision and creativity, we have succeeded in transforming this simple house into one of the leading hotels in the Salzburger Land. However, our rural roots always accompany us: "Only those who know their roots can create a future in the present," says host Christoph Schmuck.

In 1960 the foundation stone was laid for the hotel in its current form: At that time, the parents of senior partner Rupert Schmuck rented two rooms at the Forsthof for the first time. In 1980 Rupert Schmuck took over the farm with his wife Rosmarie, continued renting out rooms and expanded the house. Meanwhile, son Christoph, the fifth generation of the Schmucks am Forsthof, has taken over the hotel. Together with his wife Christina, his family and the entire team, Christoph has since been striving every day to make the Forsthofgut a special holiday resort.

The five-star hotel, the Forsthofgut at Leogang in SalzburgerLand offers a lot of activities, exquisite dining and spa treats in beautiful natural surroundings. The hotel's idyllic setting makes it the perfect Alpine escape in summer or winter.

Under the name ForsthofgutKÜCHE the team spoils you with jewellery in the three pleasure lines "Alpin", "Lokal" and "Vegan" in the historic-traditional and modern-alpine parlours. Gourmets experience the highest quality regional culinary art in the fine-dining restaurant "echt. gut essen.", awarded 2 Gault Millau domes. The wine route weinWALD in the basement, the new Austrian restaurant "1617" as well as the new buffet area "Genussmarkt" round off the culinary offer perfectly. The hotel bar Botanist, in the style of a pharmacy of the 20th century, invites you to round off the evening with special signature drinks. In the winter the house captivates by its direct situation at the ski run and own ski rental in the middle of the ski area Skicircus Saalbach-Hinterglemm-Leogang-Fieberbrunn.
