

KIDS & TEENS CAMP OFFERS

EXPLORER CAMP

At Forsthofgut, nature becomes a place of learning. With the forest right on the doorstep, the miniGUT, wildlife enclosure and forest playground provide the perfect setting. During the Explorer Camp, children learn more about the lives of our animal neighbours in the forest and how we can help protect their natural habitats responsibly. They also learn how to handle fire safely and build their own water rockets. The programme is complemented by soccer training, providing an active balance.

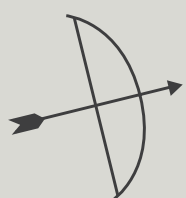

- forest animals, bees and plants
- cooking over an open fire
- building rockets
- soccer training
- 4 days | ages 6-9
- dates & prices on request

TEENS AUTUMN CAMP

Autumn is all about staying active for our teens, with the perfect mix of movement, adventure and creativity. Ball-sports enthusiasts can look forward to varied soccer training, where essential basics are developed and existing skills are taken to the next level. Professional, age-appropriate training sessions are tailored to each child's individual abilities, creating plenty of fun and a real sense of achievement. For an extra dose of action, the programme includes a trip to the Saalfelden Climbing Centre and mountain carting. Later in the autumn, this activity is replaced by a second soccer training session. Creative Action Painting sessions round off the varied Autumn Camp, ensuring there is plenty of room for imagination alongside sport and activity.

- soccer training
- mountain carting
- Saalfelden climbing centre
- action painting
- 4 days | 9+
- dates & prices on request

The camps offer a varied programme of experiences and shared activities over the course of a week. By taking part throughout the entire week, children become part of a special group dynamic, growing together and forming new friendships. At the same time, the programme remains flexible: individual activities can also be booked separately as one-off events if required.
